B R M V M High School, Palakol	Marks: 392

SKILLS

Technical skills: C, Python, HTML, CSS

Tools: Jupyter Notebook

Soft skills: Good communication skills, Cooperative, Teamwork

EXPERIENCE

Python Intern

Talent Shine Pvt. Ltd.

Internship Duration: June to September

Worked as a Python intern where I developed applications such as a calculator and QR code generator. I gained hands-on experience with Python libraries and followed best practices in writing clean and efficient code. Throughout the internship, I collaborated with the development team, participated in code reviews, and enhanced my understanding of real-world software development.

PROJECTS

- **Calculator Application** Python
Built a simple calculator application in Python with a user-friendly interface, supporting basic arithmetic operations such as addition, subtraction, multiplication, and division.
- **QR Code Generator** Python
Developed a Python-based QR code generator that takes user input and converts it into a scannable QR code. This project utilizes libraries like 'qrcode' to create high-quality QR codes for various applications.

CERTIFICATIONS

- **Introduction to Python** Infosys Springboard
Completed a certification program on Python fundamentals, covering topics such as syntax, data types, loops, functions, and file handling. Developed hands-on projects to apply theoretical concepts effectively.

EXTRACURRICULAR ACTIVITIES

- **Event Coordinator** - Successfully organized and managed cultural events in college, ensuring smooth execution and active participation from students.

HOBBIES

- Exploring new places and experiencing diverse cultures have always been a passion of mine. I enjoy planning trips, trying local cuisines, and capturing memorable moments through photography.

STRENGTHS

- **Positive Attitude:** Approach challenges with optimism and persistence.
- **Self-Motivated:** Continuously strive to improve and learn new skills.
